## *KYZEN AQUANOX A4618 and Process Control Take Centerstage at SMTA Capital Expo and Tech Forum*

**NASHVILLE — May 2026** — KYZEN, the global leader in innovative environmentally responsible cleaning chemistries, will exhibit at the SMTA Capital Expo and Tech Forum scheduled to take place Thursday, May 14 at the DoubleTree Baltimore - BWI Airport in Linthicum Heights, MD. Stephen Griffith of KYZEN's Clean Team will be on-site to provide information about aqueous solution AQUANOX A4618 and the KYZEN Process Control System (PCS).

KYZEN pairs a commitment to continuous improvement with innovative chemistries and technologies that deliver the highest quality of produced electronic assemblies through effective cleaning with solutions like AQUANOX A4618 and automated process control with tools like the KYZEN PCS.

[AQUANOX A4618](#) is a groundbreaking aqueous cleaning chemistry designed to address the challenges of cleaning contemporary lead-free flux residues, including no-clean residues, while achieving immaculate, mirrored solder finishes. It is formulated to effectively clean all flux types and boasts a long tank life and outstanding materials compatibility in addition to high efficacy at lower concentrations and temperatures.

[KYZEN Process Control System \(PCS\)](#) controls, monitors, and reacts to the dynamic changes in wash bath concentration. It stands as the only complete concentration monitoring and control system in the world in addition to being the first and only that is enabled with KYZEN Analyst Data Services.

KYZEN proudly provides effective cleaning solutions in addition to the tools that accurately measure, monitor, and control them, allowing electronics manufacturers to counter a wide variety of cleaning challenges in a vast array of production processes.

### **About KYZEN**

KYZEN is a global leader in providing environmentally responsible, RoHS compliant precision cleaning chemistries for industries ranging from electronics and advanced packaging to metal finishing and aerospace applications. Since its founding in 1990, KYZEN's innovative cleaning technologies, scientific expertise and customer support have been repeatedly recognized with the industry's most prestigious awards.
