## **FOR IMMEDIATE RELEASE**

### **MaRC Tex, Inc. Expands Regional Presence with Addition of Outside Sales Representative for North Texas and Oklahoma**

**Weatherford, TX – December 2025** — MaRC Tex, Inc., a leading provider of equipment, services, and solutions for the electronics manufacturing industry, is pleased to announce the addition of Ryan Gunderson as Outside Sales Representative for the North Texas and Oklahoma territory.

Ryan brings a unique background to the role, holding a Bachelor of Science degree in the medical field and transitioning into sales and service within the Electronics Manufacturing Industry. His strong technical foundation, combined with hands-on problem-solving experience, positions him well to support customers with both equipment and process needs across the region.

MaRC Tex, Inc. is a strategic spin-off of MaRC Technologies, a respected name in the electronics manufacturing sector that recently celebrated 30 years in business. Built on the same commitment to technical excellence, service, and customer support, MaRC Tex was established to further strengthen regional coverage and provide even more focused support to manufacturing customers.

“I’m thrilled to have Ryan join our team in Texas,” said Mike Gunderson, President of MaRC Tex, Inc. “Texas has a fast-expanding manufacturing base, and Ryan will play a key role in delivering excellent service to our customers while bringing new opportunities to our principals.”

In his new role, Ryan will be responsible for supporting customers with equipment sales, technical consultation, and service coordination throughout the region.
