FOR IMMEDIATE RELEASE

Naprotek Announces Freddie Chavez as VP of Business Development

SAN JOSE, Calif., March 2025 – Naprotek, LLC, a leading provider of mission-critical electronics technology solutions, appoints Freddie W. Chavez Jr. as Vice President of Business Development. Freddie brings over 20 years of experience in sales and business development, including roles in general management and operations.

In his new role, Freddie will drive Naprotek’s top-line growth by leveraging the company’s unique offering of mission-critical electronic components and assembly services. He will work closely with the executive leadership team to formulate and execute growth strategies that promote its East Coast center of excellence in RF components, micro-e assembly, and fabrication services including wafer dicing, lithography, and thin film circuits, along with our West Coast center of excellence in high-mix, high-complexity PCB assembly, integration, and testing.

Freddie recently served as Director of Corporate Business Development at Stellant Systems and as Senior Vice President at Frontgrade Aethercomm Inc.

Additionally, Freddie has a distinguished military career, having served in the United States Marine Corps for nearly five years. He is a Desert Storm veteran and has received the Navy Achievement Medal and the title of Southwest Asia Marine of the Year.

“We are excited to welcome Freddie to Naprotek,” said Teh-Kuang Lung, President and CEO of Naprotek. “His deep experience in RF technology, strategic customer interface, and leadership in business development will be crucial in advancing our growth across the enterprise. We look forward to the innovative strategies and leadership he will bring to our organization.”

“I am thrilled to join Naprotek and contribute to its continued success,” said Freddie Chavez. “I look forward to working with the talented team at Naprotek to drive growth and deliver exceptional value to our customers.”
