### Smartsol and Koh Young Technology Announce Strategic Partnership for the Mexican Market

**Guadalajara, Mexico — February 2026 —** SMarTsol proudly announces a strategic partnership with Koh Young Technology, industry leader in True 3D measurement-based inspection solutions. Effective February 1, 2026 SMarTsol will serve as the Sales Representative for Koh Young Technology in Mexico, expanding its portfolio with advanced inspection and smart manufacturing solutions.

Through this partnership, SMarTsol will deliver world-class technologies to the Mexican market, including **SPI (Solder Paste Inspection), AOI (Automated Optical Inspection), semiconductor inspection, and AI-driven Smart Factory solutions**, enabling manufacturers to enhance quality, efficiency, and process control.

*"We are very proud to establish this partnership with Koh Young Technology," said **Ivan Romo**, Director of SMarTsol.*

*"Koh Young is a global benchmark for innovation and precision in 3D inspection, and this collaboration strengthens our mission to provide cutting-edge solutions to our customers in Mexico."*

Speaking on behalf of Koh Young, **Joel Scutchfield**, General Manager for Koh Young Technology in Mexico, stated: *"Mexico represents a strategic market for Koh Young due to its strong growth in electronics manufacturing. Partnering with SMarTsol as our Sales Representative allows us to expand our local presence with a company that has deep market knowledge and a proven ability to support customers both commercially and technically."*

#### **About SMarTsol Technologies**

SMarTsol es una empresa de capital privado fundada en 2012 con el claro propósito de diferenciar a las compañías de servicios tecnológicos para la industria de alta tecnología en México y Estados Unidos. Los inversionistas participan activamente en las áreas de ventas, servicio y gestión de la empresa. Con un sólido portafolio de marcas líderes a nivel global, SMarTsol ofrece equipos de última generación, soporte técnico especializado y soluciones personalizadas para mejorar la eficiencia y la calidad en los procesos de producción.

#### **About Koh Young Technology, Inc.**

Koh Young helps manufacturers prevent defects, stabilize processes, and increase throughput. Since 2002, the company has led True3D™ measurement-based metrology and inspection, beginning with the industry's first 3D solder paste inspection system using patented dual-projection Moiré technology. Building on that foundation, Koh Young addresses complex applications including machined parts, press-fit and through-hole pins, conformal coatings, dispensed materials, and semiconductor packaging. A continuous innovation mindset and a customer-focused R&D approach underpin its leadership. With global operations and regional teams, Koh Young provides local support, training, and process expertise that turn inspection data into decisive, closed-loop action for a smarter factory. Learn more about True 3D measurement-based inspection and metrology solutions at our regional website [www.kohyoungamerica.com](http://www.kohyoungamerica.com) or visit [www.kohyoung.com](http://www.kohyoung.com).
