### SMarTsol America Expands Partnership with ASMPT and Strengthens Regional Coverage in the United States

**Dallas, Texas — February 2026** — SMarTsol announces that, effective this year, as part of its strategic partnership with ASMPT, Smartsol America has expanded its role as Sales Representative for SMT solutions across the states of Arkansas, Kansas, Louisiana, Missouri, Oklahoma, and Texas.

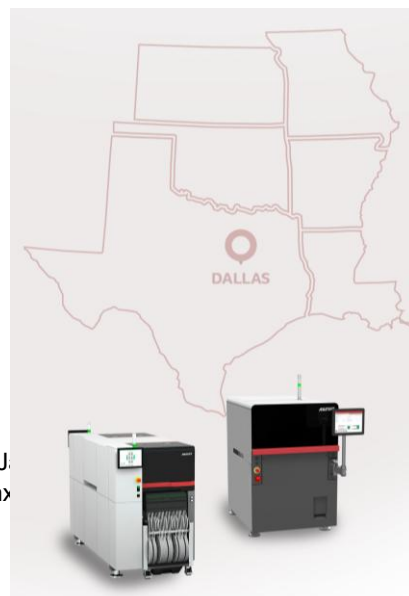

local support, and regional coverage, ensuring closer collaboration and faster response to the needs of the U.S. industrial market.

As part of this growth, Smartsol America is strengthening its presence in Texas with the opening of a new office in Dallas, in addition to its existing office in El Paso, enhancing its commercial reach and regional support capabilities for electronics manufacturing customers.

This expansion builds on SMarTsol's existing presence in Mexico, the Dominican Republic, and Puerto Rico, further strengthening its regional footprint across the Americas.

This expanded territorial coverage enables SMarTsol to provide customers with greater proximity,

“This expansion marks an important strategic milestone for Smartsol America,” said **Adan Galindo, VP & Regional Sales Manager of Smartsol America**. “Beyond expanding our geographic footprint, we are strengthening our value proposition by offering closer customer engagement, regional support, and access to world-class SMT solutions in partnership with ASMPT.”

From ASMPT’s perspective, **Gary Burroughs, Director of Account Management**, commented: “SMarTsol America’s expansion in the U.S., along with its strengthened local presence in Texas, demonstrates its commitment to customer proximity and service excellence. This regional structure supports our joint strategy to deliver advanced SMT solutions with a high level of support.”

This announcement highlights the shared commitment of SMarTsol, Smartsol America, and ASMPT to supporting the industrial market through strong regional presence and close customer relationships.
