**For Immediate Release**

## **Seika Machinery Launches Post-APEX Spring Sale on In-Stock and Demo Equipment**

**TORRANCE, CA — March 2026 —** Seika Machinery, Inc., a leading provider of advanced machinery, materials and engineering services, is pleased to announce a limited-time Post-APEX Spring Sale, offering special pricing on a selection of in-stock equipment and trade show demonstration units. Available while supplies last, the promotion provides manufacturers with an opportunity to acquire high-quality systems at reduced pricing with immediate availability.

The sale includes a mix of new, in-stock systems and lightly used demonstration units that were displayed at recent industry events. All equipment has been maintained to meet performance expectations, offering a cost-effective option for manufacturers looking to expand or upgrade their production capabilities without long lead times.

Featured systems in the Spring Sale include McDry humidity-controlled storage solutions such as the SC-500H, SC-5000GUS, DXU-1001A, and MCU-201A models. These systems are designed to protect moisture-sensitive components and materials, supporting compliance with industry standards and improving product reliability.

Additional equipment available as part of the promotion includes select Sawa cleaning systems and related solutions, such as the SC-AH100E-LV Ecobrid model and the SH-SA1 economy model, as well as practical production support equipment including double reel racks and the MB-301-60 baking oven. These systems are well-suited for electronics manufacturing environments seeking dependable, efficient solutions for cleaning, storage, and material handling.

“This is a great opportunity for customers to take advantage of equipment that is ready to ship and priced to move,” said Michelle Ogihara, Executive VP, Seika Machinery. “Following APEX, we have a range of high-quality systems available, and we’re offering special pricing to help customers put them to work quickly.”

Quantities are limited, and availability will be based on current inventory. Customers are encouraged to contact Seika Machinery directly for detailed pricing, availability, and specifications.
