FOR IMMEDIATE RELEASE

Selectronic Assembly Recognizes 5th Anniversary with Strong Industry Presence and Continued Growth

NUEVO LEON, MEXICO — January 2025 — Selectronic Assembly proudly celebrates its 5th anniversary in 2025. Over the past five years, the company has established itself as a trusted partner for industries ranging from automotive and medical to energy and communications. Selectronic has quickly become a key player in the EMS industry, thanks to its reputation for quality and exceptional customer service.

Founded with a vision to offer end-to-end manufacturing solutions, Selectronic Assembly provides services from design and engineering to mass production and supply chain management. The company's state-of-the-art facility, advanced manufacturing processes, and ISO 9001:2015 certification have enabled them to deliver high-quality and reliable PCBA manufacturing solutions tailored to the specific needs of their diverse clientele.

"We are incredibly proud of what we've accomplished in the last five years," said Francisco Guerrero, CEO of Selectronic Assembly. "Our success is a direct result of the dedication of our talented team and the trust our clients place in us. As we celebrate our anniversary, we look forward to continuing to build strong relationships and deliver innovative solutions that meet the high demands of our customers."

With a focus on utilizing cutting-edge technology and a highly skilled workforce, Selectronic Assembly has continuously elevated its capabilities to meet the needs of its customers. The company's focus on quality, efficiency, and customer satisfaction has positioned it as a reliable partner for high-reliability electronics manufacturing.
