Leonard Polte Named Solder Chemistry Field Sales Manager

LANDSHUT, GERMANY, April 1, 2026 — [Solder Chemistry](#), a leading innovator in industrial material solutions, announced the appointment of Leonard Polte as Field Sales Manager. In this role, he will be responsible for developing and managing strategic customer relationships through understanding their processes, technical requirements, and application challenges.

Polte previously served in managerial roles at GPS Technologies and Multi Components GmbH and brings 10 years of technical and industrial sales experience to his new position.

“Working closely with our engineering, R&D, and customer support teams, Leonard’s experience will help grow our business by identifying opportunities where our solutions can improve performance, reliability, and manufacturing outcomes,” Werner H. J. Wagner, Solder Chemistry General Manager, said.

About Solder Chemistry

Solder Chemistry is a leading provider of soldering solutions, including solder pastes, wires, bars, fluxes, cleaners, and adhesives for a wide variety of SMT applications. Founded in 1994 and headquartered in Germany, Solder Chemistry has set new standards in quality, innovation, and customer satisfaction, powered by its knowledgeable R&D and technical support staff. Utilizing a robust European supply chain and its flexible, customer-oriented structure allows it to serve large, international companies, as well as small businesses, in a fast, reliable manner. In 2021, Solder Chemistry became an Indium Corporation company, operating as a brand under

Indium Advanced Materials GmbH, while maintaining quality service and reliable products to its customers with its own formulations and service.
