The SearchWorks Group Honored for Top-Tier Electronics Manufacturing Recruiting Services

LEESBURG, VA – September 2025 – [The SearchWorks Group](#), a leading executive search firm specializing in the electronics manufacturing market, is proud to announce that it has received a 2025 Mexico Technology Award in the category of Electronics Manufacturing Recruiting Services. This honor highlights the firm's critical role in helping manufacturers across North America identify and secure the leadership talent they need to grow, innovate, and compete in today's complex market.

With decades of collective experience and an exclusive focus on the electronics sector, The SearchWorks Group partners with OEMs, EMS providers, and technology innovators to place high-impact executives and specialized professionals across operations, engineering, supply chain, quality, and commercial leadership roles.

"This award reflects the trust our clients place in us—and the passion we have for the electronics industry," said Jeremy Vanselous, President of The SearchWorks Group. "Recruiting for this space takes more than just search expertise. It takes insight into the technologies, the trends, and the leadership it takes to scale. We're honored to be recognized for the work we love."

The SearchWorks Group stands apart for its consultative approach, industry fluency, and extensive network of proven talent. From growth-stage startups to global manufacturers, the firm's clients rely on its ability to deliver not just resumes, but right-fit, long-term leaders who can navigate change and drive measurable results.

As electronics manufacturing continues to accelerate in Mexico and across North America, the demand for top-tier talent has never been higher. The SearchWorks Group plays a vital role in meeting that challenge—helping companies build the teams that move the industry forward.

The Mexico Technology Awards recognize the most recent technological innovations in Mexico's manufacturing landscape, spotlighting achievements by OEM manufacturing equipment and materials suppliers over the past year. For more information about the awards, please visit:
