The SearchWorks Group Celebrates Record-Breaking Year in 2024

LEESBURG, VA – January 2025 – [The SearchWorks Group](#), a leading executive search firm specializing in the electronics manufacturing market, proudly announces its most successful year in history. In 2024, the company achieved a remarkable 24% growth over 2023, which was previously its second-best year, and surpassed its 2024 goal by 102%. This exceptional performance highlights The SearchWorks Group's dedication to connecting businesses with top talent and delivering impactful results.

The SearchWorks Group has built its reputation over 16 years of serving the electronics manufacturing market. In 2024, the firm successfully completed 239 executive searches across Manufacturing, Operations, Engineering, Supply Chain, Quality, Finance, and Business Development functions. These placements spanned 30 states and 10 countries, with an impressive average time to placement of just 2.3 weeks. The firm's dedication to client satisfaction is evident, with 82 satisfied clients and a 96% repeat business rate, further solidifying its position as the "go-to" search firm in the electronics manufacturing space.

"Our success lies in our commitment to locating and placing impact players—the top 20% of talent who make 80% of the impact in their organizations," said Jeremy Vanselous. "By combining a strong, consultative approach with best-in-class recruiting practices, professional expertise, and continuous training, we've been able to deliver exceptional results for both our clients and candidates."

The SearchWorks Group is dedicated to helping organizations identify and secure top talent to strengthen their innovation, product management, and corporate growth initiatives. With a relationship-driven approach and an unwavering focus on quality, the firm has established itself as a trusted partner for businesses seeking to drive growth and success in competitive markets.
