ViTrox Unveils Smart Manufacturing Innovations at Metaltech and Automex 2025

Penang, Malaysia – May 2025 – ViTrox, which aims to be the World's Most Trusted Technology Company, is proud to announce its participation in Metaltech and Automex 2025, one of the leading international exhibitions for the metalworking, machinery, robotics, and automation, in collaboration with esteemed partner - EA MAX Solutions. The event will take place from 14 to 17 May 2025 at the Malaysia International Trade and Exhibition Centre (MITEC), Kuala Lumpur. ViTrox will be showcasing its cutting-edge innovations at **Level 2, Hall 7, Booth #7006**.

With 25 years of expertise in pioneering cutting-edge technologies, ViTrox will feature live demonstrations of several innovative solutions for the Metal, Fabrication, and Engineering Industries. Our Manufacturing Intelligence Solutions in IoT, digitalisation, data analytics, A.I. MES, and ERP are the important pillars towards Industry 5.0.

V-ONE MARS with Utilisation Intelligence (UI) simplifies industrial data acquisition and logic automation with intuitive interfaces, enabling seamless sensor integration and real-time analytics. **V-ONE DiMo** with Job Intelligence (JI) revolutionises production efficiency through Smart Planning and Scheduling with A.I., combining interactive edge hardware

and Cloud subscription software to optimise work order planning, scheduling, distribution, production tracking, downtime input, and IPQC digitally.

If you are looking for **Enterprise Manufacturing Solutions** for your manufacturing companies, our new **MES & ERP** projects streamline, standardise and digitalise manufacturing and enterprise operations by overseeing the entire business process for improved efficiency, traceability, and control.

Furthermore, ViTrox will also present its Integrated Industrial Embedded Solutions, including EtherCAT-based I/O Solutions, [Motion Control Cards \(ViMO Series\)](#), Customised Light Source and [Light Source Controllers \(ViLIGHT Series\)](#), highlighting its expertise in industrial system integration. Visitors can also experience the latest VisionXpert Series, which includes the new [VisionXpert Smart Camera \(XC-Series\)](#), designed to enhance traceability and quality control with smart, accurate inspection and seamless integration into dynamic production environments. Additionally, the [VisionXpert Smart Code Reader \(XS-Series\)](#) will be showcased during the show as well, offering superior accuracy and efficiency in code reading.

Our ViTrox specialists will be on hand to answer questions and provide in-person product demonstrations. To experience our solutions firsthand, schedule an appointment by clicking this [link](#) or by scanning the QR code below.

Contact us via enquiry@vitrox.com for more information. We look forward to welcoming you at Metaltech 2025.

About ViTrox Technologies

ViTrox is committed to being the World's Most Trusted Technology Company and the leading solutions provider by integrating ViTrox's technologies, people, and strategic alliances to provide its customers with the most innovative, advanced, and cost-effective machine vision solutions of excellent quality.

ViTrox offers a full spectrum of solutions, ranging from [Middle & Back-end Semiconductor Vision Solutions](#), [SMT PCB Assembly Vision Solutions](#), [Integrated Industrial Embedded Solutions](#), and [Industry 4.0 Manufacturing Intelligence Solutions](#). ViTrox is headquartered in Penang, Malaysia, with offices in Asia, Germany, and the United States and sales and support sites worldwide.
