KYZEN Promotes KJ Lee to General Manager for Asia

NASHVILLE — September 29, 2026 — KYZEN, the global leader in innovative, environmentally responsible cleaning chemistries, is proud to announce the promotion of KJ Lee to General Manager - Asia in line with KYZEN's building for the future of the company's Asian operations.

In addition to several key promotions and additions to the KYZEN team in North America, Lee will continue KYZEN's success in the overall Asian market in his new role while continuing to provide world-class care and cleaning solutions to current and future customers.

Lee joined KYZEN in 2011 in the role of North Asia Sales Leader and oversaw business development and customer relations across Korea, Japan, and Taiwan. He holds a Bachelor of Science in Chemical Engineering from Dankook University in Seoul and brings more than 20 years of experience in the semiconductor, electronics, and precision cleaning industries to his role in expanding KYZEN's presence in the Asia market as General Manager – Asia.

KYZEN President and COO Erik Miller said, "KYZEN is pleased and excited to continue our growth while also having the opportunity to recognize the leaders of our global teams like KJ. He has been a key figure in our expanded impact in bringing KYZEN's dedication to care and innovation to customers in Asia, and we look forward to many more years of success with his leadership in the general manager role."

As the corporate and physical structure of KYZEN continues to evolve in Asia and abroad, the company will rely on the experience and leadership of veteran industry experts and leaders like KJ Lee to anchor the path to KYZEN's future.

For more than 35 years, KYZEN has leveraged continuous improvement and innovation to serve customers worldwide through effective cleaning chemistries and advanced cleaning technologies. For more information visit kyzen.com.

About KYZEN

KYZEN is a global leader in providing environmentally responsible, RoHS compliant precision cleaning chemistries for industries ranging from electronics and advanced packaging to metal finishing and aerospace applications. Since its founding in 1990, KYZEN's innovative cleaning technologies, scientific expertise and customer support have been repeatedly recognized with the industry's most prestigious awards.
