

FOR IMMEDIATE RELEASE

CE3S to Present Expanded Electronics Manufacturing Solutions at SMTA Empire Expo

HARRISBURG, Pa. — September 2026 — CE3S will showcase its expanded portfolio of electronics manufacturing products and solutions at the **SMTA Empire Expo on Sept. 22**, providing electronics manufacturing professionals with an opportunity to discuss sourcing, ESD protection and production support with the company's team.

The event will take place from **8 a.m. to 4 p.m. Eastern** at the **RIT Inn & Conference Center**.

CE3S representatives **John Romanowicz and Amanda Smeltz** will be available to discuss the company's expanded product portfolio and its approach to serving as a comprehensive sourcing partner. CE3S has broadened its product and service offerings to help manufacturers simplify procurement, reduce sourcing complexity and efficiently access the supplies and equipment required across their production environments.

Comprehensive Solutions for Electronics Manufacturing

CE3S's portfolio encompasses critical areas of electronics manufacturing, including advanced electronics manufacturing, chemical and cleaning solutions, ESD protection, inspection devices, and soldering and rework. Together, these offerings provide manufacturers with access to products and technical solutions that support production, quality, process control and workplace protection.

ESD Protection will be a key focus at the expo. CE3S can help manufacturers evaluate their ESD control requirements and identify appropriate products and solutions for protecting sensitive electronic components and assemblies. On-site ESD assessments are also an added-value that CE3S brings to their customers.

The expanded portfolio reinforces CE3S's role as a **true sourcing partner**, helping customers consolidate purchasing across multiple manufacturing needs. By combining strategic sourcing, professional solutions and distribution, CE3S aims to reduce the time and effort required to manage multiple suppliers while providing customers with greater access to production-critical products.

Current Promotion

Through **Oct. 31, 2026**, customers who purchase a soldering station and accessories in an order totaling **\$1,000 or more** can receive a **free MicroCare TriggerGrip Tool Kit**, subject to applicable terms and conditions.

Attendees can connect with the CE3S team at the Empire Expo to discuss sourcing requirements and explore solutions spanning electronics manufacturing, ESD protection, inspection, cleaning, chemical processes, and soldering and rework.
