FOR IMMEDIATE RELEASE

Horizon Sales to Exhibit Equipment Line and Quasi C2 Cart at SMTA Tampa Bay Expo & Tech Forum

BRIGHTON, MI — October 2026 — Horizon Sales, a leading manufacturers' representative and distributor to the electronics industry, will exhibit at the SMTA Tampa Bay Expo & Tech Forum on November 10 at the St. Petersburg Marriott Clearwater in St. Petersburg, Florida. The company will showcase its equipment line and have a Quasi C2 cart on display.

The event will provide electronics manufacturing professionals throughout the region with an opportunity to meet with the Horizon Sales team and learn more about the equipment and technologies the company represents. The Quasi C2 cart will provide attendees with a hands-on opportunity to see the equipment up close and discuss potential applications with Horizon Sales representatives.

“Horizon Sales is pleased to participate in the SMTA Tampa Bay Expo & Tech Forum and connect with electronics manufacturing professionals in the region,” said Josh Casper, President of Horizon Sales. “We look forward to showcasing our equipment line and having the Quasi C2 cart on display. Anyone transporting their materials via a manual cart should be interested in the C2 as a low-cost, highly effective solution.”

The SMTA Tampa Bay Expo & Tech Forum brings together electronics manufacturing professionals, suppliers and technology providers for technical education, networking and an exhibition of manufacturing solutions. Horizon Sales representatives will be available throughout the event to discuss its equipment portfolio and answer questions about the Quasi C2 cart and other represented technologies.
