

Press release

Comtree, Inc. to Highlight Kurtz Ersa Soldering and Rework Solutions at EPTECH Kitchener

Plymouth, WI — September 2026 — Kurtz Ersa Inc., a leading supplier of electronics production equipment, announces that its long-time Canadian representative, Comtree, Inc., will exhibit at the EPTECH Show in Kitchener, Ontario, on September 30, 2026, highlighting the VERSAFLOW 4 CORE EDITION selective soldering system and the HR 600 XL rework system.

The VERSAFLOW 4 CORE EDITION is engineered for manufacturers seeking dependable selective soldering without unnecessary complexity. It supports stable, high-volume runs and fast changeovers in high-mix environments. Key technical specifications include:

- **Precision spray fluxer** with integrated monitoring
- **Bottom-side IR preheating** paired with top-side convection heating
- **Programmable-width conveyor** for a wide range of board formats
- **VERSACAM process visualization** with continuous monitoring of key parameters
- **PCB sizes up to 508 x 508 mm** with increased bottom-side clearance
- **Built-in monitoring** for flux levels, pressure, and conveyor adjustments

The HR 600 XL is a high-precision rework system designed for large, complex assemblies where accuracy is critical. It accommodates boards up to 625 x 625 mm and components up to 60 x 60 mm, with options for larger applications. Technical highlights include:

- **Motorized placement system** with positioning accuracy up to ± 0.025 mm
- **Image-based alignment** for consistent results across jobs

Press release

- **Controlled infrared underheating** and interchangeable heating heads for even thermal distribution
- **Automated process steps** and built-in verification to reduce manual handling
- **Contactless residual solder removal** to streamline rework and reduce operator effort

Attendees are encouraged to stop by the Comtree, Inc. booth to speak with the team.

Comtree, Inc. is Kurtz Ersa's local representative. For more information about Comtree, Inc., e-mail Ernesto Provenzano at ernesto@comtreeinc.com, Graham Gibson P.Eng. at graham@comtreeinc.com, or call 905 673-7777.
