FOR IMMEDIATE RELEASE

PIT Equipment Services Honored with Global Technology Award for Manufacturers Representative – USA

CRANFORD, NEW JERSEY — October 2026 — PIT – Equipment Services, LLC, a leader in the electronics sector, proudly announces that it received a 2026 Global Technology Award in the Manufacturers Representative – USA category. The award was presented during the Global Technology Awards ceremony held on Tuesday, October 27, 2026, at SMTA International in Rosemont, Illinois.

PIT Equipment Services, under the leadership of President Don Dennison, was recognized for its longstanding commitment to connecting electronics manufacturers with innovative equipment solutions while providing knowledgeable application support and building lasting partnerships with customers and principals throughout its territory.

“We are honored to receive this Global Technology Award,” said Dennison. “This recognition reflects the dedication of our entire team and the strong relationships we have built with our customers and manufacturing partners over the years. We remain committed to delivering outstanding service, technical expertise, and innovative solutions that help our customers succeed.”

PIT Equipment Services, LLC is a premier manufacturers’ representative organization serving the electronics manufacturing industry across the United States. The company represents a portfolio of leading equipment and materials suppliers, providing customers with expert product knowledge, application support, and personalized service. Through its commitment to integrity, responsiveness, and long-term customer relationships, PIT Equipment Services has established itself as a trusted partner for electronics manufacturers seeking best-in-class production solutions.

Since 2005, the prestigious Global Technology Awards have recognized the absolute best new innovations in the printed circuit assembly and packaging industries. It brings together the global SMT and advanced packaging industry in a celebration of the companies and people that are achieving the highest standards and driving our industry forward.
