ZESTRON to Exhibit at Upcoming SMTA Guadalajara Expo

Manassas, VA – ZESTRON, a global leader in high-precision cleaning solutions and services, is pleased to announce its participation in the 2026 SMTA Guadalajara Expo & Tech Forum, taking place October 7–8, 2026, at Expo Guadalajara, Salón Jalisco Hall D & E, in Guadalajara, Jalisco, Mexico. Visit ZESTRON at booth #428 to explore its proven precision cleaning technologies.

Throughout the exhibition, ZESTRON will showcase its full portfolio of products and services designed to boost performance and enhance the reliability of electronic assemblies. The company will highlight its contributions to industries that demand high reliability and Class 3 electronics, including medical devices, EVs, ADAS, and defense, as well as high-voltage applications such as charging stations, inverters, and satellites for consumer communications.

Attendees will have the opportunity to connect directly with ZESTRON's team of local experts and learn how the company can support them throughout the manufacturing and assembly process.

Join ZESTRON at booth #428 to discover how its products and services can enhance your cleaning processes and improve product reliability. For more information about ZESTRON's participation in the 2026 SMTA Guadalajara Expo & Tech Forum, or to schedule a meeting with the team, visit www.zestron.com.

About ZESTRON:

ZESTRON is headquartered in Manassas, Virginia, and operates in over 35 countries. With eight technical centers worldwide and the industry's most knowledgeable team of engineers focused on high-precision cleaning, ZESTRON's commitment to ensuring that its customers surpass even the most stringent cleaning requirements is without equal.

For additional information or to tour one of our technical centers, please visit www.zestron.com.
