

FOR IMMEDIATE RELEASE

SMTVYS Technology's Victor Madero Receives 2026 Mexico Technology Award for Mexico Sales Excellence

Socorro, TX — September 2026 — SMTVYS Technology is proud to announce that Victor Madero has received a 2026 Mexico Technology Award in the Mexico Sales Rep category for his outstanding contributions to the electronics manufacturing industry and his continued commitment to customer success. Madero was recognized for his dedication to developing strong customer relationships, providing innovative solutions, and supporting the growth of manufacturing throughout Mexico. The award was presented during a ceremony held before SMTA Guadalajara 2026 on Wednesday, October 7, 2026, in Guadalajara, Jalisco, Mexico.

Since its founding in 2014, SMTVYS Technology has established itself as a trusted partner for manufacturers throughout Mexico, providing industrial equipment, spare parts, technical support, consulting services, and access to leading global technology brands. The company's commitment to understanding customer challenges and delivering tailored solutions has helped manufacturers improve productivity, efficiency, and competitiveness.

Madero's recognition highlights his extensive industry knowledge, responsiveness, and ability to connect customers with the right technologies to meet their evolving production needs. Through his expertise in industrial equipment and automation, he continues to help customers navigate complex manufacturing challenges while building long-term partnerships.

As Mexico's electronics manufacturing sector continues to expand, SMTVYS remains committed to providing the expertise, support, and advanced solutions manufacturers need to succeed. Madero's recognition reflects both his individual achievements and SMTVYS Technology's ongoing dedication to delivering exceptional value to customers across the region.

The Mexico Technology Awards recognize the most recent technological innovations in Mexico's manufacturing landscape, spotlighting achievements by OEM manufacturing equipment and materials suppliers over the past year.
