## FOR IMMEDIATE RELEASE

# Surf-Tech Manufacturing Corp. Wins Global Technology Award in Contract Manufacturers < \$15 Million Category

**RONKONKOMA, NEW YORK — October 2026 —** Surf-Tech Manufacturing Corp., a multi-faceted provider of contract manufacturing services, is proud to announce that it received a 2026 Global Technology Award in the Contract Manufacturers < \$15 Million category. The award was presented during the Global Technology Awards ceremony held on Tuesday, October 27, 2026, at SMTA International in Rosemont, Illinois. This marks Surf-Tech Manufacturing's third consecutive win of a Global Technology Award.

The Global Technology Awards recognize excellence in the electronics manufacturing industry, honoring companies that demonstrate outstanding innovation, operational excellence, and commitment to advancing printed circuit assembly and advanced packaging technologies. Surf-Tech Manufacturing was recognized for its continued dedication to delivering high-quality electronics manufacturing services, combining technical expertise, responsive customer support, and flexible manufacturing capabilities to help customers bring reliable electronic products to market efficiently.

"We are honored to receive this Global Technology Award," said Stephen Eggart, President of Surf-Tech Manufacturing. "This recognition is a testament to the dedication of our entire team and the strong partnerships we have built with our customers. Every day, we strive to deliver exceptional quality, responsiveness, and manufacturing expertise, and it is rewarding to see those efforts recognized by the industry."

Based in Ronkonkoma, New York, Surf-Tech Manufacturing is a full-service electronics manufacturing services (EMS) provider specializing in prototype through full-scale production. The company offers PCB assembly, electromechanical assembly, testing, supply chain management, and engineering support, serving customers across a diverse range of industries. Surf-Tech Manufacturing is committed to delivering high-quality, reliable manufacturing solutions while maintaining the flexibility and personalized service that have defined the company for more than three decades.

Since 2005, the prestigious Global Technology Awards have recognized the absolute best new innovations in the printed circuit assembly and packaging industries. It brings together the global SMT and advanced packaging industry in a celebration of the companies and people that are achieving the highest standards and driving our industry forward.
