The Test Connection Earns 2026 Service Excellence Award for Test Laboratories

BALTIMORE, MD – September 2026 – The Test Connection Inc. (TTCI), a trusted provider of electronic test and manufacturing solutions for more than 45 years, has earned a 2026 CIRCUITS ASSEMBLY Service Excellence Award (SEA) in the **Test Laboratories** category. The award was presented during the Service Excellence Awards ceremony on September 29 at the Santa Clara Convention Center during PCB West 2026.

The Service Excellence Awards are based entirely on direct customer feedback, recognizing companies for the service, expertise and support they provide to customers. For TTCI, the award reflects its longstanding focus on helping electronics manufacturers address increasingly complex test requirements through experienced engineering and application support.

“Receiving a Service Excellence Award is especially meaningful because it reflects the experiences of the customers we work with every day,” said Bert Horner, President of The Test Connection, Inc. “Our team takes a great deal of pride in helping customers solve complex test challenges and get the most from their manufacturing test strategies. We appreciate the trust our customers place in TTCI and are honored to have that commitment recognized.”

TTCI has provided test engineering solutions since 1980 and supports a comprehensive range of manufacturing test requirements, including In-Circuit Test, boundary scan and functional test. The company provides test program development, board testing, Design for Test (DFT) services and engineering support, helping customers address testability from product development through production.

Its engineering team works with manufacturers to develop and implement test strategies designed to maximize test coverage, improve production efficiency and address the challenges associated with increasingly complex circuit card assemblies.
